## About the Forsyth County Young Republicans

The Young Republicans (YRs) are the oldest political youth organization in the United States. Important to the growth of the Republican Party, the YRs reach out to Republicans, 18 to 40 years of age, and provide them with better political knowledge and understanding of the issues of the day.

The Forsyth County Young Republicans (FCYRs) are committed to making a difference in local, state and national politics.

Our mission is to provide young republicans with information on issues that are important to them while also providing a collaborative framework that links party leaders, candidates and policy experts with young republicans.

We always welcome guests to join us at our meetings and events. Join the wave and join us on May 7!
